

Every day teachers and headmasters use innovative and at the same time simple methods to meet the daily challenges in their schools or even to use them as opportunities.

We have visited many of these teachers and headmasters to learn from them and make their approaches and methods available to other teachers and headmasters!

The following products are already freely available on our website:

▶ **Guidebook for Schools**

successful practice for school development!

In this book you will find practical tips on the topics:

- ▶ Organizational Development
- ▶ Lesson Design
- ▶ Human Resources Development

COMPLETED!

▶ **Self-Assessment Questionnaire for Pedagogues**

Answer this questionnaire and find out for yourself which methods from the database and the guidebook can make your everyday school life easier!

▶ **Methods Database**

with practical examples on school organizational and educational level!

UNDER CONSTRUCTION!

▶ **Online Community**

Connect with other teachers online and share methods!

Save the date!

On May 13, 2019, our big international multiplier event takes place in Vienna from 14:00 to 19:00, where we present the project and its products.
